

Integration with Local students

As our school is a traditional grammar school composed of local students, it provides a golden opportunity for NCS to mingle with the locals and better integrate into the society.

'Not a school but a family with love'

Story of Karamjot

Studying in WKC has been a pleasure. Teachers are very kind and helpful. The other local students are friendly and it provides me with a great chance to integrate into the local culture. I feel I am more confident than before.
